Clarence,

For a host of procedural reasons, I think a new FOIA request would be best. If you submit a request that you want us to search the Administrator's office specifically, I think we could process this one fairly quickly.

Andrew

Andrew

We have found out that there are emails from the Administrator's office to Chrysler regarding Jeep after June 1. Can we ask for a broader search under the original FOIA or do we have to file a new FOIA?

Thanks

Clarence
