Safety Research Report Index - Post-Collision Fuel Fed Fires

A. Background
1. Fires In Road Vehicles, Fire Protection Review, 4/75
3. Crash Survival: Help from the Track, Automotive Industries, 10/1/69
4. Rubber May Solve Gas Tank Peril, Detroit News, 6/20/71
5. Car in Accident? Check for Leaking Fuel, Research Trends (Cornell Aeronautical Lab.), Summer 1971
6. Insurance Institute for Highway Safety (IIHS), Status Report, Articles 1973-present
8. Auto Maker Shuns Safer Gas Tank, Washington Post, 12/30/76
9. Pinto Madness, Mother Jones, 9/77
10. Ford Lied in Fire Case, Court Rules, Detroit News, 12/13/77
11. Fuel-Fed Vehicle Fires, Trial, 1/78
16. CACFOA Urges Action By Car Manufacturers on Fire Risks, Fire Prevention, 10/92
19. 6 Inmates in Transit Die Shackled in Burning Van, Associated Press, 4/4/97
20. Burn Case Challenging Fire Safety of Chrysler LeBaron Settles, Trial News, 5/97
21. Debris Blamed in Fiery Crash, Los Angeles Times, 5/6/97
23. GM Releases Fuel Tank Papers, Washington Post, 2/18/98; GM Accused of Know ing of Fuel Woes, AOL News, 2/18/98
24. Center for Auto Safety, IMPACT Articles 1975-1999

B. Attorneys/Lawsuits
1. Attorneys
2. Lawsuits

C. Experts

D. NHTSA Press Releases
1. DOT Adopted and Proposed New Test Procedures to FMVSS 301, 8/16/73
2. DOT Announced Additional Testing for FMVSS 301, 3/22/74
3. Initial Defect Determination on 1965-66 GM Cars with Carburetor Fires, 6/5/74
4. NHTSA Files Suit Against GM For Not Recalling Vehicles with Fuel Fire Hazard, 1/21/75
5. DOT Proposed an Amendment to FMVSS 301, 4/14/75
7. NHTSA Extends FMVSS 301 to School Bus to Protect Against Fires, 10/14/75
9. NHTSA Asks Consumers to Report Motorcycle Gas Tank Filler Cap Defects, 6/17/76
10. GM Ordered To Recall Vehicles and Pay Penalty, 7/28/76
11. DOT Cites Opel Kadett Fuel System Defects, 2/25/77
12. 1974 Porsche 914 . . . . . Investigated by DOT, 5/24/77; Volkswagen To Recall 1970-74 Porsche 914 s,
13. Subcompact Fuel Tank Fire Investigation, 9/21/77
14. Ford to Recall 290,000 Granadas, 9/22/77
15. 1975-78 Cadillacs Recalled For Potential Fire Problem, 11/1/77
17. Mazda Recall for Carburetor Defect, 12/5/77
18. SAAB Fuel Line Recall, 1/16/78
19. 1969-1972 Toyotas Recalled For Fuel Tank Replacement, 1/20/78
20. Recall of Omni and Horizons For Fuel Tank Leaks, 2/3/78
21. Recall of Light Trucks for Fuel Line Leaks by Chrysler, 2/24/78
22. DOT Finds Chevette Fails To Meet Fuel System Standard, 5/4/78; DOT Reschedules Chevette Meeting, 6/2/78
23. DOT Finds Defect in Pinto Fuel Tanks, 5/8/78; Announces Recall on Pintos & Bobcats, 6/9/78
24. DOT Announces Investigations Involving Ford Fuel Line Leaks, 6/12/78
25. 23,000 Subaru Brat Vehicles Recalled for Fuel Tank Defect, 9/5/78
26. 1977 Model Porsche 911 Vehicles Under Investigation For Fires, 9/15/78
27. Investigation Shows Inattention Caused Fatal Pinto-Van Crash, 11/1/78
28. Volvo Recalls 75-76 Cars to Remedy Fuel Surge Problem, 1/31/79
30. DOT Considering Rules For Plastic Fuel Tanks, 6/11/79
31. Toyota Fined For Failure To Meet Fuel Tank Test, 7/21/80
32. Checker Motors Fined For FMVSS 301 Violation, 11/26/80
33. DOT Announces Recall of 1,783 Motor Homes Filler Pipe Defect, 2/18/82
34. Federal Standard on Fuel Systems Saves Lives, Reduces Fires, 2/18/82
35. General Motors to Recall Chevettes, Pontiacs For Fire Problems, 3/15/83
36. NHTSA Announces Recall of 6,000 Sportscoach Motor Homes for Tank Straps, 10/25/84
37. NHTSA Announces Safety Recall of Ambulances Built on Ford Chassis, 7/17/87; NHTSA Alerts Operators to Ford Ambulance Recall, 8/4/88
38. NHTSA Seeks Comments on Improving School Bus Fuel System Safety, 3/28/89
39. DOT Announces Recall of 185,000 Navistar School Buses for FMVSS 301, 7/22/92
40. NHTSA to Investigate Fuel Tank Safety of GM Full-Size Pickup Trucks, 12/8/92
41. DOT Establishes New Safety Standard for Compressed Natural Gas Vehicles, 4/22/94
42. Toyota Agrees to Pay $250,000 to Settle Claimed Violations of Federal Safety Statute, 4/25/94
43. NHTSA Announces Safety Recalls Covering 11,500 School Buses, 8/21/96
44. Chrysler Pays $140,000 Civil Penalty for Dodge Ram Fuel System Failure, 5/2/97

E. NHTSA Rulemaking

1. FMVSS 301, Fuel System Integrity
   a. FMVSS 301 Rulemaking Chronology
2. FMVSS 303--Fuel System Integrity of CNG Vehicles
   a. FMVSS 303 Rulemaking Chronology
3. FMVSS 304--CNG Fuel Container Integrity
   a. FMVSS 304 Rulemaking Chronology
4. ANPRM, Initial FMVSS (Doc. 2), 31 FR 13094, 10/6/66
   a. Nissan (fuel system-related portion), 10/13/66
   b. Automobile Manufacturers Assn (fuel system-related portion), 10/17/66
   c. Volvo, 10/13/66
5. NPRM, Initial FMVSS (Doc. 3; Not. 1), 31 FR 15212, 15221, 12/3/66
   b. General Motors (FMVSS 301-related portions), 12/30/66
   c. Ford (FMVSS 301-related portions), 1/1/67

CENTER FOR AUTO SAFETY
d. Automotive Industrial Association of Japan (FMVSS 301-related portions), 1/3/67

e. American Motors and Kaiser Jeep (FMVSS 301-related portions), 12/66

f. Automobile Manufacturers Association (FMVSS 301-related portions), 1/2/67

g. Chrysler and Rootes (FMVSS 301-related portions), 12/66-1/67

h. California Highway Patrol (FMVSS 301-related portions), 12/28/66

i. NY State Safety Car Program (FMVSS 301-related portions), 1/10/67

6. Final Rule, Initial FMVSS 301 (Doc. 3), 32 FR 2408, 2416, 2/3/67

7. ANPRM, Lateral & Rear-End Collisions (Doc. 03-01; Not. 67-5), 10/14/67
   a. FHWA, summary of comments, 32 FR 14278, 14282, 6/2/70
   b. Sports Car Center, 3/6/68
   c. Vehicle Equipment Safety Commission, 3/12/68
   d. Chrysler, 3/15/68
   e. American Motors, 3/15/68
   f. Ford, 3/18/68
   g. Volkswagen, 3/18/68
   h. Automobile Manufacturers Association & General Motors, 3/18/68
   i. JAMA, 3/68
   j. Alfa Romeo, Daimler-Benz, Fiat, Renault, & Simca, 3/68
   k. British Motors, Rolls-Royce, Rootes, Rover, & Standard-Triumph, 3/68
   l. Firestone Coated Fabrics Co., 5/7/68; FHWA, memorandum of meeting with Firestone on 3/28/69 & 4/8/69
   m. Ralph Nader, 8/22/68
   o. Consumers Union, 2/12/69

8. ANPRM, MPVs, Trucks, Buses & Motorcycles (Doc. 03-02; Not. 67-5), 32 FR 14278, 14282, 10/14/67
   a. FHWA, summary of comments, 6/2/70
   b. Sports Car Center, 3/6/68
   c. Vehicle Equipment Safety Commission, 3/12/68
   d. Chrysler, 3/15/68
   e. International Harvester, 3/68
   f. Kaiser Jeep Corp., 3/68
   g. Ford, 3/18/68
   h. Volkswagen, 3/18/68
   i. British Motors, Daimler-Benz, Fiat, & Rover, 3/68
   j. Automobile Manufacturers Association & General Motors, 3/18/68
   k. JAMA, 3/68
   l. Motorcycle, Scooter & Allied Trade Association, 3/15/68
   m. Firestone Coated Fabrics Co. (see item E.7.l for materials)
   n. Phillips Petroleum Co. (see item E.7.n for materials)

9. NPRM, Panic Stop Fuel Spillage & Rear End Crash (Doc. 3-1; Not. 2), 34 FR 1174, 1/24/69
   a. Rolls-Royce, Renault, & Rootes, 2/69
   b. JAMA, 3/1/69
   c. Rover, Volkswagen, Daimler-Benz, & Peugeot, 3/69
   d. American Motors, 3/7/69
   e. Chrysler, 3/10/69
   f. Automobile Manufacturers Association & Ford, 3/11/69
   g. General Motors, 3/11/69
   h. Volvo, 4/9/69

10. NPRM, Extend to All Vehicles Except Motorcycles with GVWR <10,000#, Upgrade of Collision Testing Requirements (Doc. 70-20; Not. 1), 35 FR 13799, 8/29/70
   a. NHTSA, summary of comments, 11/26/71
   b. Consumers Union, 11/12/70
   c. Alfa Romeo, Peugeot, Renault, Rover, Rolls-Royce, & Fiat, 11/70; Renault supplement, 6/71
11. Final Rule, Extend to All Vehicles Except Motorcycles with GVWR <10,000#, Upgrade Requirements
   (Doc. 70-20; Not. 2), 38 FR 22397, 8/20/73
   a. Motor Vehicle Manufacturers Ass n, petition for reconsideration, 9/19/73
   b. American Motors & Jeep, petitions for reconsideration, 9/18/73
   c. Chrysler, petition for reconsideration, 9/17/73
   d. Recreational Vehicle Institute, petition for reconsideration, 9/17/73
   e. General Motors, petition for reconsideration, 9/19/73
   f. Ford, petition for reconsideration, 9/19/73; (See item K1c for cost benefit memo)
   g. Mercedes-Benz, petition for reconsideration, 9/19/73
   h. International Harvester, petition for reconsideration, 9/18/73
   i. JAMA, petition for reconsideration, 9/19/73
   j. Nissan, petition for reconsideration, 9/25/73
   k. Volkswagen, petition for reconsideration, 10/2/73
   l. IIHS, 10/11/73, 11/6/73, & 5/6/74 (See item A6 for attachments)
   m. Volvo, petition for reconsideration, 10/18/73
   n. Fiat & Association Peugeot-Renault, petitions for reconsideration, 10-11/73

12. NPRM, Rear Moving Barrier, Lateral Crash & Dynamic Rollover (Doc. 73-20; Not. 1), 38 FR 22417, 8/20/73
   a. NHTSA, summary of comments, 12/21/73
   b. Montedison Sales Corp., 10/5/73 (See item J.10.h for attachments on Fluobrene)
   c. Triumph, Association Peugeot-Renault, Rolls-Royce, Fiat, 10/73
   d. Chrysler, 10/4/73
   e. Mercedes-Benz, 10/12/73
   f. American Motors & Jeep, 10/12/73
   g. Motor Vehicle Manufacturers Ass n, 10/15/73
   h. General Motors, 10/15/73
   i. Volkswagen & Volvo, 10/15/73
   j. Ford, 10/15/73
   k. JAMA, 10/15/73
   l. Nat'l Transp. Safety Board, 10/25/73
   m. International Harvester, 10/15/73
   n. CAS, 10/15/73 (See item J.9.a for Army Helicopter Study)
   o. Recreational Vehicle Institute (attachment 2 located at E.11.d), 10/17/73
   p. Byron Bloch, (Excerpt) 10/10/73
   q. Truck Body & Equipment Ass n, 11/15/73
   r. IIHS (Attachments at A.6, G.3, K.1 or omitted), 1/30/74 & 5/6/74
   s. Mazda, 2/8/74

13. Final Rule, Petitions to Reconsider 8/20/73 Rule, 39 FR 10586, (Doc. 70-20; Not. 3), 3/21/74
   a. American Motors & Jeep, petitions for reconsideration, 4/19/74
   b. Recreational Vehicle Institute, petition for reconsideration, 4/19/74 (Copy at E.14.c)
   c. Peugeot, Renault & Volkswagen, petitions for reconsideration, 4/18-19/74
   d. Ford, petition for reconsideration, 4/22/74
   e. Chrysler, petition for reconsideration, 4/17/74 (Copy at E.14.e)
f. IIHS, 7/25/74, 8/13/74, 12/2/74 & 1/28/75 (Copies at E.14.i)

14. Final Rule, Rear Moving Barrier, Lateral Moving Barrier, Front Angle Barrier Crash (Doc. 73-20; Not.2), 39 FR 10588, 3/21/74
   a. General Motors, petition for reconsideration, 4/22/74
   b. Toyota, petition for reconsideration, 4/29/74
   c. Recreational Vehicle Institute, petition for reconsideration, 4/19/74
   d. American Motors & Jeep, petitions for reconsideration, 4/19/74
   e. Chrysler, petition for reconsideration, 4/17/74
   f. Mercedes-Benz, request for clarification, 4/19/74
   g. Ford, petition for reconsideration, 4/22/74 (Copy @ E.13.d)
   h. Peugeot, Renault & VW petitions for reconsideration, 4/18-19/74 (Copy @ E.13.c)
   i. IIHS, 6/17/74, 7/25/74, 8/13/74, 12/2/74 & 1/20/75 (Attachments @ A.6 or omitted)

15. Final Rule, Petitions to Reconsider 3/21/74 Rule (Doc. 73-20; Not. 3), 39 FR 40857, 11/21/74
   a. Chrysler, petition for reconsideration, 12/2/74
   b. General Motors, petition for reconsideration, 12/20/74
   c. Volkswagen, petition for reconsideration, 12/20/74
   d. Ford, petition for reconsideration, 12/19/74
   e. American Motors, petition for reconsideration, 2/5/75

16. NPRM, Schoolbuses With GVWR >10,000#, Loading & 30-Minute Spillage Period (Doc. 73-20; Not.4), 40 FR 17036, 4/16/75
   a. NHTSA, summary of comments, 7/9/75
   b. Truck Body & Equipment Assn, 4/28/75
   c. Mazda, 5/9/75
   d. Chrysler & American Motors, 5/9/75
   e. Vehicle Quality & Safety Commn, 5/13/75
   f. CAS, 5/15/75
   g. General Motors, 5/15/75
   h. Wayne & Thomas Built, 5/13/75
   i. Volkswagen, 5/15/75
   j. Cal. Dep't of Highway Patrol, 6/16/75
   k. Ford, 6/27/75
   l. Blue Bird & International Harvester, 6/25 & 27/75
   m. Nat'l Transp. Safety Board, 7/2/75

17. Final Rule, Loading & 30-Minute Spillage Period (Doc. 73-20; Not. 6), 40 FR 33036, 8/6/75

18. Final Rule, Application of Standard to Schoolbuses With GVWR >10,000 Lbs. (Doc. 73-20; Not. 8), 40 FR 48352, 10/15/75

19. General Motors, Petition for Amendment of FMVSS 301 (removal of factory-installed trailer hitches prior to crash testing), 10/28/75; NHTSA, Denial of Rulemaking Petition, 41 FR 15907, 4/15/76

20. ANPRM, Requirements for Plastic Tanks (Doc. 73-20; Not. 11), 44 FR 33441, 6/11/79
   a. Ford, petition & comment, 10/20/78 & 9/11/79
   b. Peugeot, 7/26/79
   c. IIHS, 7/26/79
   d. Cal. Dep't of Highway Patrol, 7/24/79
   e. BASF A/G, (selected attachments), 8/2/79
   f. D.W. Belles, 8/28/79
   g. W. S. Trindal, US Army, (Attachment found F1b), 9/10/79
   h. American Iron & Steel Institute, (Attachment 6 only), 9/4/79
   i. Dow Chemical, (Attachments omitted), 8/21/79
   j. John O. Hayward, Esq., (Appendix omitted), 9/10/79
   k. ARCO Polymers, 9/6/79
   l. Porsche, Volvo & Saab, 9/5 & 6/79
   m. Chrysler & American Motors, 9/5 & 10/79
   n. General Motors, 9/11/79
o. Volkswagen, Mercedes-Benz & Renault, 9/10&12&20/79
q. Kysor & Snyder Tank Corp., 9/7&26/79
r. Nat l Transp. Safety Board letter, 2/2/82
21. Termination, Requirements for Plastic Fuel Tanks, 46 FR 38392, 7/27/81
22. Request for Comments, NHTSA Report,  Evaluation of FMVSS 301-75, Fuel System Integrity: Passenger Cars,  HS 806335 (Doc. 82-21; Not.1), 48 FR 1089, 1/10/83
   a. NHTSA, summary of comments, 9/26/83
   b. Ford, 3/11/83
   c. Renault, 3/15/83
e. General Motors, 5/10/83
   f. Explosafe America, 5/6/83
23. ANPRM, Requirements for HDPE Fuel Tanks (Doc. 73-20; Not. 13), 54 FR 9855, 3/8/89
   a. T.J. Feaheny, 5/3/89 (corrected copy submitted 10/30/89); Letters to NHTSA Administrator, 3/8/88 & 5/25/88; Letter to NHTSA Chief Counsel, 3/27/89; Letter to three U.S. Representatives, 10/18/89 (NTSB attachment located at H4)
b. Chrysler, 5/1/89
c. Ford, 5/5/89
d. General Motors, 5/8/89
e. Land Rover UK, Austin Rover, Volvo, Saab, Fiat, 4/89-6/89
f. Volkswagen, 4/28/89
g. Navistar International, Kysor Michigan Fleet (see item F3e for attachment 2), Paccar, 4/89-5/89
h. Nissan, 5/8/89
i. Toyota (including memoranda on 6/89 & 3/90 meetings), 5/11/89
j. Suzuki, 5/12/89
k. Mitsubishi, 5/19/89
m. NHTSA, summary of comments, 7/27/89; supplemented 10/3/89; list of relevant documents, 7/20/89
24. ANPRM, Application of Standard to Non-School Buses With GVWR >10,000 Lbs., & Upgrade of for All Buses of Any Type or Weight (Doc. 89-04; Not. 01), 54 FR 13082, 3/30/89
   a. NHTSA, preliminary regulatory evaluation, 3/28/89
   b. Thomas Built Buses, 5/5/89
c. Navistar International, 5/16/89
d. Collins Bus Corp., 5/30/89
e. Ford, 5/26/89
f. Chrysler, 5/25/89
g. Blue Bird, 5/25/89
h. General Motors, 5/30/89
i. Kuhlman Corp., 5/30/89
j. T.J. Feaheny, 5/26/89
k. Crown Coach, 5/24/89
l. Johnson Energy Systems, 6/6/89
m. Nat l Transp. Safety Board, 7/11/89
25. Termination of Rulemaking, Inclusion of Performance Requirements Related to HDPE Fuel Tanks (Doc.73-20; Not. 14), 55 FR 40404, 10/3/90
   a. T.J. Feaheny, Letter to NHTSA Administrator, 11/30/90
26. ANPRM, Inclusion of Specialized Performance Requirements for Alcohol Fuel Vehicles (Doc. 73-20; 0Not.14), 55 FR 41556, 10/12/90
   a. Crown Coach, 11/26/90
   b. Chrysler, 12/10/90
c. General Motors, 12/11/90
d. Ford, 12/10/90
27. ANPRM, Inclusion of Specialized Performance Requirements for CNG or LPG Fuel Vehicles
(Doc. 73-20; Not. 15), 55 FR 41561, 10/12/90
a. NHTSA, summary of comments, 3/1/91
b. NHTSA, presentations from 11/28/90 public meeting, 12/5/90
c. IIHS, 12/11/90
d. Chrysler, 12/11/90

e. Motor Vehicle Manufacturers Assn, 1/30/91
f. Ford, 1/31/91
g. General Motors, 1/31/91
h. NFPA, 1/30/91

28. Request for Comments, NHTSA Report, Motor Vehicle Fires in Traffic Crashes & the Effects of the Fuel System Integrity Standard, HS 807 675 (Doc. 82-21; Not. 03), 56 FR 7639, 2/25/91
a. NHTSA, summary of comments, 8/28/91
b. General Motors, 5/28/91
c. Motor Vehicle Manufacturers Assn, 5/29/91
d. Ford, 5/28/91
e. T.J. Feaheny, 5/27/91

29. NPRM, Anti-Siphoning for Alcohol Fuel Vehicles (Doc. 73-20; Not. 16), 57 FR 1710, 1/15/92
a. NHTSA, Preliminary Regulatory Evaluation, 1/13/92
b. IIHS, 3/16/92

30. Request for Comments, Possible Upgrades of FMVSS 301 (Doc. 92-66; Not. 1), 57 FR 59041, 12/14/92
a. Mazda, 3/4/93
b. Advocates for Highway & Auto Safety, 2/26/93
c. Mitsubishi, Nissan and Toyota, 3/5/93
d. IIHS, 3/5/93
e. Volkswagen and Mercedes-Benz, 3/4/93
f. General Motors and Chrysler, 3/10/93
g. AAMA, 3/10/93
h. BMW, 3/11/93
i. Ford, 3/23/93
j. Volvo, 3/18/93
k. T.G. Products, 6/28/93
l. NHTSA, memorandum of correspondence with Alexander J. Patton, 10/12/93
m. First Inertia Switch, 10/22/93
n. CAS, 12/8/93 and 3/12/93 (selected attachments located at E9g, E10k and E12h)
o. NHTSA, memorandum of meeting with First Inertia Switch, 5/18/94

31. NPRM, Fuel System Integrity Requirements for CNG vehicles (Doc. 93-02; Not. 1), 58 FR 5323, 1/21/93
a. NHTSA, preliminary regulatory evaluation, 1/15/93

32. Final Rule, New FMVSS 303, Fuel System Integrity Requirements for CNG vehicles (Doc. 93-02; Not. 4), 59 FR 19648, 4/25/94

33. Request for Comments, Fuel System Integrity Requirements for CNG vehicles > 4536 kg GVWR (Doc. 94-03; Not. 1), 59 FR 23662, 5/6/94

34. NPRM, Crossover Fuel Line Connecting Dual Tanks (Doc. 94-39; Not. 1), 59 FR 25590, 5/17/94
a. NHTSA, preliminary regulatory evaluation, 5/13/94
b. California Trucking Assn, 7/7/94, and Am. Trucking Assn, 7/18/94
c. Nat’l Truck Equipment Assn, 7/15/94
d. Ford, 7/18/94
e. AAMA, 7/19/94
f. Advocates for Highway & Auto Safety, 7/15/94
g. PACCAR, Flexile Corp., Navistar, 6/27/94 - 7/15/94
h. General Motors, 7/20/94
i. Bugati and Lotus, 8/9-10/94

35. Final Rule, New FMVSS 304, CNG Fuel Container Integrity (Doc. 93-02; Not. 5), 59 FR 49010, 9/26/94
36. ANPRM, Possible Upgrades of FMVSS 301 (Doc. 92-66, Not. 3), 60 FR 18566, 4/12/95
   a. NHTSA, Preliminary Regulatory Evaluation, 4/18/95
   b. First Inertia Switch, 6/8/95
   c. NFPA, 6/12/95
d. General Motors, 6/12/95
e. J.M. Stilson, Stilson Consulting, 6/9/95
f. T. Green, Stilson Consulting, 6/9/95 (selected attachments located at K2k, K2l)
