Hi Chan -

Chrysler CEO Sergio Marchionne is scheduled to be in Washington on September 18th-19th and I was wondering if Secretary Foxx and Administrator Strickland would be available for a brief meeting. If convenient for the Secretary and Administrator, the afternoon of September 18th or the morning of September 19th would work best.

Thanks in advance for your consideration.

Thanks for your help in pulling this together. Will you or Jody be joining this meeting?

Hi Chan –

Wanted to touch base re: logistics about the Administrator's visit to Chrysler from 3-5 pm this Thursday. Who would be the best person for us to connect with re: logistics (arrival at the building, where to park, etc.)? Also, who will be joining him for the meeting? I am heading out shortly and will be traveling so email or my cell will be best for the next few days – (b)(6)

- * One letter will be for owners with vehicles on the customer service campaign and one on the two vehicles with recalls.
- * Who's email should she be looking out for?

Sure Jody. But I have to be a legally correct here, in that the Agency has not made a "final" determination regarding a defect, and I told Sergio we would state that at the appropriate time, but I can't vitiate the fact that the agency made a preliminary finding, which Chrysler addressed voluntarily.

So we can't say that there is no determination of defect. We will say the agency has made no final determination of a defect finding, pending the 573 and 577.

David,

As I understand it, NHTSA will soon receive Chrysler's 573 and 577 submissions. We look forward to seeing NHTSA's public statement regarding no determination of defect shortly thereafter.

Thanks, again, for all the personal time you invested in helping reach a resolution of this matter. Please let me know if you need any additional information.

I hope all is well.

Before Chrysler submits a response tomorrow (Tuesday), Sergio would appreciate the opportunity to have another phone call with you. If you are open to a call, please feel free to call Sergio directly on his cell phone (b)(6) in the morning, or alternatively we can set a time for a call. Please let me know your preference.

Unfortunately, due to his travel schedule, Sergio is not available for a call tonight.

Thanks in advance for your consideration.

All the best,

Jody

Thanks for speaking with Sergio - I appreciate you making time.

Sergio would like to have a similar conversation with Secretary LaHood, given his interest in this matter and his participation in last week's meeting. I'll reach out to Secretary LaHood's office to see if a call can be set up. Just FYI, as I did not want you to be blind-sided.
